

TM 360VR

Immersive Virtual Tours
for your Vessel

TM 360VR by Tototheo Global

Explore every corner of your vessel in stunning 360-degree detail. This innovative platform provides immersive virtual tours accessible from any device—whether on a computer, tablet, smartphone, or VR glasses. Experience your ship like never before and transform the way you manage your fleet.

Why TM 360VR?

Immersive Virtual Tours

Navigate through your vessel in high-resolution 360-degree views, perfect for training, remote inspections, and client presentations.

Remote Inspections & Assessments

Safely conduct inspections from anywhere, reducing the need for travel and minimizing exposure to high-risk environments.

Seamless Integration

Quickly access essential information such as manuals and maintenance logs within the virtual tour, streamlining operations and decision-making.

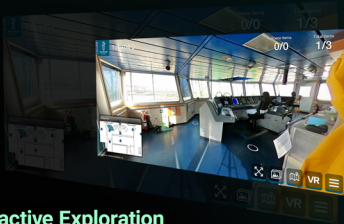

Enhanced Crew Familiarization

Familiarize new crew members with the vessel layout and safety protocols in a realistic virtual environment, promoting safety and efficiency.

How TM 360VR Works

Effortless Setup

Minimal equipment is needed. Our team will guide you through a straight forward installation process to get your vessel ready for virtual tours.

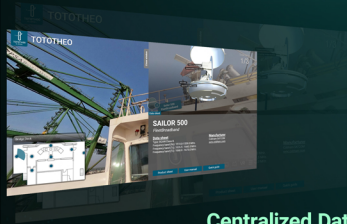

Interactive Exploration

Use high-resolution images and 3D models to explore every detail of your vessel. Access key information and interact with components in a fully immersive experience.

Remote Access & Collaboration

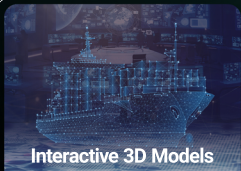

Access TM 360VR from anywhere, enabling remote inspections, virtual meetings, and collaborative planning without the need for physical presence.

Centralized Data Hub

Link critical documents and operational data to specific areas of the vessel, providing instant access to the information you need, when you need it.

Key Features of TM 360VR

Interactive 3D Models

Engage with 3D models to visualize and interact with complex machinery, enhancing training and operational planning.

Multi-Device Compatibility

Experience TM 360VR on any device, whether it's a computer, tablet, smartphone, or VR headset, for maximum accessibility and convenience.

Data Integration & Access

Centralize all your vessel's critical information—manuals, maintenance records, inventory—within the virtual platform for easy reference and streamlined management.

The Tototheo Global Advantage

Tototheo Global offers advanced connectivity and technology services across maritime, land, and air sectors.

Backed by decades of technical expertise, we deliver innovative, tailored solutions—ranging from satellite communications and navigation to AI, IoT, and cybersecurity—for optimized performance and sustainable growth.
