

TM Cloud

Seamless File Sync & Share for Businesses Onboard and Ashore

In today's fast-paced business environment, reliable access to data and seamless collaboration across global teams is essential. TM Cloud by Tototheo Global is the ultimate solution for synchronizing, sharing, and managing your data efficiently. Whether your team is working from the office, remotely, or even onboard, TM Cloud ensures your data is always secure, accessible, and up-to-date—no matter where you are.

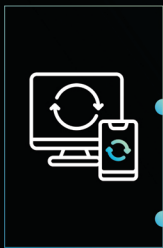

Key Features

Universal Access & Easy-to-Use Interface

Synchronize and share files effortlessly across multiple devices and platforms, whether you're onboard a vessel, in an office, or working remotely.

Access your data securely through an intuitive web interface at any time, from anywhere.

Reliable Sync Across Devices

Keep your files, contacts, calendars, and bookmarks synchronized across all devices.

Available on desktop, web, and mobile apps for constant, real-time synchronization.

Advanced Data Security

Your files are protected with robust encryption.

File versioning ensures you can revert to previous versions whenever needed, safeguarding against errors or data loss.

Instant File Notifications

Receive immediate alerts when new files are shared, ensuring real-time updates for teams operating both onboard and ashore.

Optimized for Fast Performance

Capable of syncing 10,000 files in just one minute, TM Cloud is designed to handle even the most data-intensive environments.

Designed for Business Operations—Onboard and Ashore

TM Cloud's powerful synchronization and collaboration tools are built for businesses with teams spread across multiple locations, whether onshore, offshore, or at sea. Its advanced data synchronization and sharing capabilities make it ideal for companies needing secure, real-time access to important files and documents.

Enterprise-Grade Security and Compliance

Your data's security is our top priority. TM Cloud features end-to-end encryption, ensuring sensitive information remains safe at all times. With AD/LDAP integration and sophisticated permission management, TM Cloud supports compliance with industry standards across sectors, including maritime, logistics, and beyond.
