TM Geneseas
The all-in-one smartbox solution

With a single, powerful smartbox, TM Geneseas integrates crucial functions like communication, data security, and bandwidth management, ensuring your fleet operates at peak efficiency, anywhere in the world.

What TM Geneseas offers

Seamless Connectivity
Ensure uninterrupted communication between vessel and shore, even in the most remote locations.

Enhanced Cybersecurity
Protect your fleet from cyber threats with robust, multi-layered security features.

All-in-One Solution
Consolidate multiple systems into a single platform, simplifying management and boosting productivity.

Crew Welfare
Keep your crew connected and happy with onboard Internet Café services, boosting morale and well-being.

Data Cost Efficiency
Reduce operational costs with intelligent bandwidth optimization that prioritizes critical functions.

Why choose TM Geneseas?

Innovative Technology
State-of-the-art smartbox solution that combines multiple functions into one.

Global Reliability
Engineered to perform reliably, no matter where your vessels are located.

Dedicated Support
Backed by Tototheo Global's unparalleled expertise and customer service.

Key Features of TM Geneseas

Centralized Email Server
Manage all communications efficiently with a dedicated onboard email server.

VoIP Integration
Reliable and clear voice communication for effective operational coordination.

Advanced Bandwidth Management
Control and measure internet usage to prioritize critical functions and save costs.

Virtualization Capabilities
Optimize your IT setup with powerful virtualization options, reducing hardware needs.

Comprehensive Firewall
Safeguard your network against unauthorized access and cyber threats.

File Sharing Services
Secure and easy file sharing for better collaboration across your fleet.

Flexible Plans for Every Fleet

TM Geneseas Light
The perfect starting point for fleets, offering sophisticated bandwidth management, firewall, crew communications, and more, all within a standard embedded PC setup.

TM Geneseas Pro
An enhanced version of TM Geneseas Light, equipped with additional 3G/4G capabilities and upgraded processing power for even greater efficiency.

TM Geneseas Pro+
Building upon the Pro model with Marine Approved certifications, making it the ideal choice for e-reporting applications and ensuring compliance with maritime regulations.

TM Geneseas Platinum
The ultimate in processing power and capability, this rackmount server is fully configured to meet the specific needs of your maritime operations, offering unparalleled performance and scalability.

The Tototheo Global Advantage

Tototheo Global offers advanced connectivity and technology services across maritime, land, and air sectors. Backed by decades of technical expertise, we deliver innovative, tailored solutions—ranging from satellite communications and navigation to AI, IoT, and cybersecurity—for optimized performance and sustainable growth.

Innovative and Sustainable: We prioritize continuous innovation and sustainability, providing future-ready solutions that reduce environmental impact.

Global Reliability: With a strong global presence, we offer consistent, reliable service and quick support, wherever your fleet operates.

Tailored Approach: We deliver customized solutions that meet the specific needs of each client, ensuring the best fit for your operations and sustainability goals.

Seamless Integration: Built for easy integration, each service comes with full support for smooth implementation across your operations.

Enhanced Well-Being: Our solutions are designed to improve both operational efficiency and crew well-being, ensuring safer, more enjoyable voyages.
