

TM Mail

Efficient, secure, and reliable email solutions tailored for the maritime industry

In the maritime industry, dependable and efficient communication is essential. TM Mail by Tototheo Global is a specialized email solution designed for vessels and remote environments, ensuring continuous, secure communication for your fleet wherever it sails.

Key Benefits of TM Mail

Optimized Bandwidth Usage

Designed for low-bandwidth conditions, TM Mail uses advanced compression techniques to ensure that your email communications are efficient and cost-effective.

Email Synchronization

Whether your vessel is at sea or in port, TM Mail automatically synchronizes messages with shore-based systems, keeping your operations aligned at all times.

Message Prioritization

TM Mail ensures that critical emails, such as operational updates or emergency messages, are prioritized, ensuring they are delivered quickly and reliably.

Automatic Data Backup

With onboard and shore-based backup systems, TM Mail ensures your emails are never lost, providing security and peace of mind.

Access Control

Define and manage who can send and receive emails onboard, ensuring communication is handled securely and appropriately.

Spam and Virus Protection

Protect your systems with advanced filters that block harmful content like spam, viruses, and phishing attempts.

Why Choose TM Mail

Security and Compliance

Protect your vessel's communications from cyber threats with end-to-end encryption and compliance with maritime security standards.

Easy-to-Use Interface

TM Mail offers an intuitive design, making it simple for crew members to communicate without extensive training, ensuring fast adoption and operational efficiency.
