

TM VoD

Transform Onboard Entertainment

TM VoD by Tototheo Global is designed specifically for the maritime sector to transform the way your crew enjoys entertainment onboard. With a rich selection of movies, daily video news from trusted sources like Reuters, epic sports highlights, and educational content, TM VoD keeps your crew engaged, entertained, and connected throughout their journey.

TM VoD (Video on Demand) is an advanced entertainment solution that streams a wide range of content directly to crew members' personal devices via wireless technology. Compatible with BYOD (Bring Your Own Device), TM VoD supports seamless streaming on smartphones, tablets, and desktops, providing an unparalleled entertainment hub for the entire crew.

Key Benefits of TM VoD

Uninterrupted Entertainment, Anywhere

Our wireless infrastructure ensures stable and uninterrupted streaming, allowing crew members to enjoy their favorite content anytime, anywhere onboard.

Extensive Content Library

Access a diverse collection of Hollywood blockbusters, daily video news, and sports highlights with English audio and multiple subtitles to suit various language preferences.

Simple Setup, Effortless Enjoyment

TM VoD requires minimal equipment and can be implemented easily onboard. It works seamlessly with popular browsers like Safari and Google Chrome, ensuring a hassle-free experience.

Enhancing Crew Well-Being

Long voyages can be monotonous and isolating. TM VoD offers engaging content that keeps the crew entertained, supporting their mental and emotional well-being.

Promotes Social Interaction

Watching movies and shows together can foster camaraderie and social bonding, creating a more harmonious onboard environment.

Transform Your Onboard Entertainment Today

Features of TM VoD

Wireless Streaming

Stream content wirelessly to personal devices with no interruptions.

BYOD Compatibility

Supports streaming on smartphones, tablets, and desktops, offering flexibility and convenience.

Diverse Content Selection
